26 Junko Fukutake Hall

6 Alumni Building

There are the University Co-op cafeteria and shops, etc in this building.
The shop has specialist medical and dental books and computer supplies.

21 Administration Office Building

The building houses administrative departments, and on the ground floor there is an academic affairs section for student support and an automatic certificate issuing machine.

25 Main Gate

The red-brick main gate of the medical school dates from when it was established in 1926. It gives a sense of the history of the medical school, which originated from the domain of Okayama "Igakukan" in 1872. Historical buildings also remain in the surrounding area.
